

## *The Portland Spirit cruising near downtown Portland*

The *Portland Spirit* is a 150' yacht with three public decks, two of which are enclosed and climate controlled. There is seating for 350 guests on the two interior decks for a plated meal cruise and capacity for 540 guests for a reception.

*Portland Spirit* features delicious Northwest cuisine prepared to order in the on-board galley, several full service bars with a vast wine selection, a ship-wide sound system, and a marble dance floor.

Attention: Great Lakes, Gulf States, Heartland, Mid-Atlantic, Midwest Forum, New England, Northwest & Western Chapters...

Come join your fellow Chapter members for a memorable evening of dining and networking as you cruise along the scenic Willamette River. Here's what you'll need to know:

**WHEN:** Tuesday evening, October 30, 2007

**TICKET PRICE:** TBD after final count of attendees from each Chapter. Current price range is between \$43 to \$53 dollars per person. Each Chapter will be responsible for final attendee count and collecting ticket fees

**INVITEES:** Members & Guests

**BOARDING TIME:** From 6:00 pm to 6:30 pm

**BROADING LOCATION:** Within walking distance of the hotel (six blocks) at Portland Spirit Boat Dock at Salmon St. Springs Fountain, Tom McCall Waterfront Park

**RETURN TO DOCK:** 9:00 pm (same location as above)

**CUSINE:** Several entrees will be available to order on board including chicken, salmon or vegetarian

**WHAT TO WEAR:** Casual (jeans) or business casual attire with temperatures in the mid 50's to low 60's.

**CONTACT:** AICP members of a participating Chapter should contact the Chapter leadership for registration information. Currently, this event is open only to the membership of participating AICP Chapters. Non-AICP members should check the Chapter Events section of the Annual Conference website after 9/28/2007 for more information regarding registration availability. The Chapter Events page is found at: <http://www.aicp.net/annualconference/2007conference/program/chaptrevents.cfm>.
