

**Association  
of Insurance  
Compliance  
Professionals**  
Mid-Atlantic  
Chapter

Dear fellow Mid-Atlantic Chapter (MAC) Members,

I am so excited to step into the role of President this year for our chapter and, along with the entire MAC board, eager build a platform that will provide as much value and satisfaction from your membership as we possibly can.

Take a look at our chapter page [Chapter Page](#) and check out our chapter events, board members and committees. Please do not hesitate to call any of us with questions, concerns and of course ideas!

Our goal this year is to provide more events with more membership participation and more volunteerism and participation in planning from the chapter membership. If we succeed in doing so, I hope to see increased membership renewal retention as well as influx of new membership when they hear about the value we are bringing to our members.

In 2018, we will offer insurance department Meet and Greets, webinars, fun networking events and of course an excellent Education Day (E-day), which always draws a large crowd of chapter members, **regulators** and guests.

In order to make all of these exciting events happen, **we need your help!** If you've been looking for opportunities to support the chapter and expand your participation in planning chapter events, please reach out and let us know your areas of interest. Remember: volunteerism not only helps the chapter, it also offers excellent opportunities for *you* to:

- learn more about project management
- learning to collaborate with other people from different disciplines
- grow your network of peers
- improve your public speaking skills by participating in a webinar or educational session as a speaker or moderator
- have a feeling of satisfaction at the end of the day when you know you helped to plan a successful event

2018 is going to be an awesome year and we look forward to working with all of you to make it great!

Sincerely,

*Mark Miller*
