### Information About Our Speakers

The AICP is proud that it attracts a distinguished group of experts who speak and make presentations on a wide variety of subjects of interest to the AICP's members. These speeches and presentations occur at the National Conference, Chapter E-Days, webinars and at other events held or sponsored by the AICP.

The speakers present a wide variety of views, opinions and information during their presentations. While the AICP believes there is value in hearing and debating differing views and opinions to the extent permitted by law, the AICP cannot and does not take a position as to any views, opinions or other information presented by any speaker. The opinions, statements and information provided by any speaker are solely those of the speaker and do not represent the views or positions of the AICP, its members, officers, directors, sponsors or agents.
